Stanton County Park wishes to maintain a first come, first served campground for individual sites. This means physical presence is required to register for a campsite. By physical presence, we mean the person who is to occupy the site must be present, with his or her camping unit, ready to physically occupy the site.

CAMPSITE – A physical site that will accommodate one camping unit and one tow vehicle per campsite. A camping unit is defined as any unit that is used for sleeping, such as a motorhome, 5th wheel, tent, van, pickup with canopy or camper. A tow vehicle is either a vehicle being towed or the vehicle towing the camping unit. In non hook-up sites, a small tent is permitted to accompany the primary camping unit in the campsite. A small tent is defined as a tent designed to be occupied by two or three people. Any larger tents must be placed in another non hook-up site and pay the appropriate fees. Sleeping bags are not permitted on the ground and must be kept inside the camping unit. Any vehicles other than tow vehicles are considered extra vehicles and must park in the day use parking and pay the extra vehicle fee if they spend the night.
