SURVEY OF A 60 FOOT ROADWAY FOR A.S. JOHNSON

SW1/4 SECTION 34 T.24S. R.6W.W.M. — OCTOBER 1978

BY: BAUGHMAN TECHNICAL SERVICES INC.
P.O. Box 222, ROSEBURG, OREGON

REGISTERED PROFESSIONAL LAND SURVEYOR
OREGON
JULY 14, 1967
GLENN S. BAUGHMAN
536

Narrative: The purpose of the survey was to establish and monument a 60 foot right-of-way for an existing roadway. A brass cap at the Southwest corner of Section 34 was found. The south line of Section 34 was established from information contained on M56-16 and was used as the basis of bearings. The monuments set for the 60 foot right-of-way were established from the center of an existing roadway.
